MEMORANDUM FOR THE PRESIDENT

FROM: David A. Stockman *AS*

SUBJECT: Fourth Progress Report on the Implementation of Executive Order 12352, "Federal Procurement Reforms"

Executive Order 12352 on "Federal Procurement Reforms" was signed on March 17, 1982. It requires the heads of executive agencies to initiate specific procurement reforms to ensure effective and efficient spending of public funds, and the completion of a single, simplified Federal Acquisition Regulation. It also requires OMB's Office of Federal Procurement Policy to work with the agencies to 1) provide broad policy guidance and overall leadership and 2) report progress to the President. In addition, it requires the Director of the Office of Personnel Management to ensure that personnel policies and standards are conducive to agencies' needs for a professional procurement work force.

This fourth report describes the significant actions and events that occurred from January 1 through March 31, 1983. The one-page Executive Summary highlights the most significant developments, of which you should be aware.
